**Our Programs and Activities**

Addressing both the physical and physiological needs of your child is so important to us. We're committed to offering a broad range of holiday program activities to cater for all children, from sporting enthusiasts to artists and bookworms. We also focus on fine motor skills, through crafts and cooking activities.

At Playhouse, we're very fortunate to be surrounded by fantastic facilities. Not only do we have our new, state-of-the-art vacation care facility, but we also have access to UQ's resources, including their:

- Anthropology Museum
- Library
- Art Gallery
- Full size, well maintained UQ sports field
- Basketball courts
- Adventure playground (under construction)

Each holiday period, we also offer several big, exciting excursions to locations like the cinema, theme parks, ice-skating rink and mini golf. Let us know where your child would love to go next holidays by emailing [playhouse@uq.edu.au](mailto:playhouse@uq.edu.au).
